

The Global Village

## Help our Vineyard sponsor students at the La Viña School in Nicaragua for the 2023 school year.

**Background:** The Global Village Project is a non-profit born out of our Vineyard. TGVP aims to promote education in impoverished areas. Our focus is on the La Vina (Vineyard) church/school in Bluefields, Nicaragua. Life in Nicaragua continues to be filled with uncertainty and daily challenges. 2022 saw continued political strife and natural disasters which only worsened the situation for the country's poor. Political oppression and a struggling economy have led to an exodus of people and bleak outlook for the future.

**But, La Vina School remains a safe haven for families in Bluefields.** Leaders of the school are hopeful for change to come to Nicaragua, but most importantly they have a personal relationship with Jesus that they share with their students. The school services over 200 kids each day even with families moving often to seek asylum or find work. The teacher's steadfast faith and trust remains as strong as ever.

**How you can get involved:** As 2022 wraps up, would you prayerfully consider helping our Vineyard meet the challenge of sponsoring every pictured child for the next year? The cost to sponsor a child for the school year is \$100. This covers teacher costs, supplies, uniform, and lunch each day for this child. You can donate any amount you feel led to give, and it will go towards the sponsorships. TGVP is a 501c3 non-profit so all donations are tax deductible. You will receive your tax receipt via email direct from TGVP.
